magpie

LOCAL CREATORS. LOCAL CUSTOMERS. COUNTED AT THE REGISTER.

Magpie is local influencer marketing for Hampton Roads shops.

FOLLOWERS WHO LIVE HERE

Every creator is ranked by how many of their followers actually live here in Hampton Roads — not by follower count.

COUNTED AT YOUR REGISTER

Every visit carries the creator's own code. You see exactly how many customers came in because of them.

YOU APPROVE EVERYONE

You pick every creator and approve every visit before it happens. Nothing posts without you.

MAGGIE DOES THE LEGWORK

Maggie, our in-app helper, lines up your matched creators with a reason for each pick. You just say yes or no.

HOW IT WORKS

1 CLAIM YOUR FOUNDING SPOT
About a minute, on your phone or right here with Tony. Nothing to pay today.

2 MEET YOUR MATCHED CREATORS
Picked for your kind of shop, ranked by how many of their followers live near you. You see each creator's local number up front.

3 INVITE THEM IN, OR BOOK THEM
Treat a creator to a visit — a meal, a service, an experience — and they post 1 post + 1 story. Or book bigger work at their own listed rate.

4 SEE THE COUNT AT YOUR REGISTER
Every visit carries the creator's own code, redeemed at your register. You see exactly how many customers came in because of them.

WE DON'T GUESS. WE COUNT.

No impressions report. No hoping. A count you can check, per creator.

Hampton Roads founding spots are open now — founding shops get first pick when we open.
